Public Comment:

The subject of the data center once again came up and Mr. Troutman commented on a meeting concerning the plan for the data center. He said that the plan could actually help with our Flood Plain issues and water runoff. It was also felt that Gordon Borough would not be affected by the noise.

George Brocious said that he was contacted and told that they plan to substantially donate to the Fire Company. They should put a wish list together.

Also, a representative from Nebius and Brett Ennis will be coming to the next meeting to speak to Council.

Jackie Hughes noted that it was wrong that the Data Center will be in our backyard and Gordon Borough was not consulted.

The next meeting will be on October 5, 2026
